Dear Diane

Carol and I are writing to you to thank you for putting together the seminars given by Gordon which we have attended over the last four weeks.

We have both learned a great deal and are now busy putting Gordons ideas into practice.

We will keep you posted of are success and if you are ever in Cleveleys, Morecambe or Garstang we will be ever so pleased to see you again.

We hope this letter finds you in good health and with it we send

All our good thoughts
