

Diane,

Thanks for your recent email, and apologies for the delay in replying.

I am delighted to place on record our thanks for the significant contribution your company has made to the success of our District Centre Strategy. Without a doubt the input of Main Marketing, was a key factor in developing the workshops to such a high standard, and your experience in organising similar events clearly gave you a distinct advantage. As I saw for myself, the breakfast workshops in particular were extremely useful and seemed to be much appreciated by the enthusiastic participants. Overall, I think it is fair to say that the workshops were a crucial aspect of delivering our District Centre Strategy, and that we were very pleased with the results achieved.

Thanks again for your help and support.

regards,

Mark
